**"Assistant Forest Archaeologist"
Presented by: Jonathan Ruhan**

As an archaeologist I have been working for the United States Forest Service for 26 years, my 14 years on the Stanislaus National Forest in California, 6 years on the New Boston Ari Force Station in southern New Hampshire, and now I have been with the White Mountain National Forest for 6 years. I am a graduate of Rhode Island College, and the University of New Mexico.

The focus of my presentation:

1. White Mountain National Forest (WMNF) Heritage Program work in Campton 2012-2018
2. I will also spend time on what I do as an archaeologist and why.
3. A short segment of the WMNF Centennial.
