14	Livermore Falls	Remains of a water powered mill, spectacular waterfalls and views of historic "pumpkin seed" bridge. It is off U.S. Route 3 south, 5 miles from the intersection of route 49. It is just before the town line of Plymouth. A New Hampshire state historic site is just across the river off route 175, 1.7 miles north of route 175A in Holderness.
15	Campton Hollow	This marks the site one of the original settlements, which was the political, social, and geographic center of Campton. It also is the site of a nice waterfall that may be viewed by a difficult and potentially dangerous path. This is a one-mile section along Route 175 south. It starts at the "S" curves, 2.9 miles from the traffic lights at route 49, goes down the hill, over the j bridge, and past the historic Congregational Church.

CAMPTON'S DISTRICT SCHOOLS

From a high of 14 District Schools in Campton at their peak, 8 are still standing in 2006 . Most of them are now private homes. The Campton Elementary School PTA has sponsored Historic Site Markers for these buildings. This brochure identifies their location. We request that you respect the privacy of the present owners, as you visit them . Enjoy your tour, and let yourself be transported back to an important time in the history of Campton.

S2	Center School	So named when this area around the Town House was the center of town. This is located on N.H. Route 175 south, at the intersection of Perch Pond Road. This is at the "S" curve where you will see the Chalet gift and antique shop. It is 2.8 miles from the traffic lights at Route 49.
